## *From the Director's Desk*

Hello Readers,

I wish to share that during this final quarter (January - March) of 2023-24, 7588 candidates have been trained in various long term, medium term, short term, skill development, sponsored and Specialization training programmes.

Common facility services are provided at nominal charges to footwear MSMEs. 1132 numbers of job work and consultancy services have been done during this quarter. Interested footwear MSMEs are requested to make use of these facilities, further details are at page No.56-60.

The Institute participated in the India International Leather Fair 2024 and The Designer Fair 2024, during January, putting up a stall in both the fairs, to showcase our common facility services, Training activities and students designed shoes.

As part of the "Seminar Series", during this quarter of 2023-24 three seminars were conducted, CFTI's SEMINAR SERIES Chapter 18 on "PROCAM – An Integrated System for Prototyping and Development" was conducted by Mr. Max Gruber, Managing Partner & Chief Executive Officer from M/s. PROCAM Software, Systems & Service on 31.01.2024. CFTI's SEMINAR SERIES Chapter 19 on "Sewing Threads – An Enlightener" was conducted by Mr. David Josep, Sales Manager from M/s. Vardhaman Threads on 27.03.2024.

This issue of the chronicle consists of articles on

1. Leather from Orange Fruit Skin waste (in Tamil) by Shri. S. Welington Raja, Technical Faculty
2. Pediatric Gait Abnormalities – Muscular Dystrophy, by Mrs. N.S. Shai Lakshmi, Faculty
3. Time Management, by Mrs. Chandralekha Ganesh, Management Faculty

With all support from Footwear Industry fraternity, the Institute keeps progressing.

Your valuable suggestions are always welcome for the qualitative improvement of the Footwear Chronicle.

K.MURALI  
Director

## फुटवियर एडहेसिव: जूते और चप्पलों के लिए अच्छा जोड़

जूते और चप्पलों का निर्माण एक कला है, और उन्हें बनाते समय उचित एडहेसिव का चयन करना महत्वपूर्ण होता है। फुटवियर एडहेसिव एक प्रमुख उपकरण है जो उत्कृष्ट जोड़ने की दक्षता प्रदान करता है और उत्कृष्ट गुणवत्ता की तैयारी में मदद करता है।

ये एडहेसिव विभिन्न प्रकार के सामग्री को एक साथ जोड़ने के लिए उपयोग किए जाते हैं, जैसे कि चमड़े, रबर, प्लास्टिक, फोम, और कई अन्य। ये एडहेसिव जूते और चप्पलों की अच्छी स्थिरता और समृद्धि के लिए आवश्यक होते हैं।

अच्छे फुटवियर एडहेसिव का चयन करते समय, ध्यान देने योग्य विशेषताएँ शामिल होती हैं - यहां तक कि अच्छी प्रतिरोधक्षमता, उच्च चिपचिपापन, तेज सुखाने या जमाने की क्षमता, और उत्तम फ्लेक्सिबिलिटी। इन विशेषताओं के साथ, एडहेसिव की दी गई जानकारी को ध्यान में रखते हुए सही उत्पाद का चयन करना महत्वपूर्ण है।

फुटवियर एडहेसिव का उपयोग सही तरीके से किया जाए, तो यह जूतों और चप्पलों की दीर्घावधिक सेवा और बेहतर गुणवत्ता सुनिश्चित करता है।

## SKILL TRAINING PROGRAMMES

### OBJECTIVE OF SHORT-TERM SKILL TRAINING

- Provide comprehensive skill training in NSQF approved job roles for unemployed youth, with a focus on the Footwear and allied Industries, aiming to facilitate their placement.
- Equip participants with foundational skills in leather cutting, stitching, and finishing, ensuring adherence to industry standards to enhance their employability.
- Ensure candidates are job-ready upon completion of training, meeting the National Occupational Standards set by the Leather Sector Skill Council.
- Enhance participants' employability within the leather sector through practical knowledge of industry tools, materials, quality control measures, and soft skills like teamwork and problem-solving.

### TNSDC SKILL TRAINING PROGRAMMES:

"CFTI Chennai, as a training partner, is conducting a short-term skill training program titled 'Placement-linked Entry-level Training for Unemployed Youth.' Sponsored by the Tamil Nadu Skill Development Corporation, the program is currently held in Villupuram, Krishnagiri, and Tirupathur Districts. The training duration spans one and a half months, totaling 300 hours in NSQF approved job roles.

During this quarter, the Skill Training Division at CFTI Chennai completed training for 265 candidates, with an additional 60 candidates commencing their skill training. Mobilization efforts are underway for approximately 100 candidates.

Training centers have been strategically set up in remote villages closer to Footwear and Leather Goods Industries. Pre-surveys conducted with MSMEs and Industries facilitate parallel placement of trained candidates post-successful completion. Emphasis has been placed on shop floor ethics such as 5S, Safety, and Housekeeping. Training conducted at company premises significantly enhances shop floor awareness and fosters a positive attitude towards employment in the Leather Footwear sector. Shop floor supervisors have commended the training modality by CFTI Chennai, noting increased productivity and reduced rework & wastages. Training by CFTI Chennai is tailored to meet industry needs, resulting in Skill Speed and scale for productivity in Companies.

### SKILL TRAINING UNDER THE SHG PROGRAM:

Under the SC/ST fee reimbursement Scheme, Skill Training Programmes have been provided to 505 SC/ST Candidates in NSQF approved job roles, with 30 candidates newly commenced this quarter. Practical and Theoretical training in Stitching operator footwear job role or Stitcher leather Goods & Garments job role are provided during the one-and-a-half-month course duration.

### ASSISTANCE TO TRAINING INSTITUTIONS (ATI):

25 candidates at Vaniyambadi Multi Skill Development Centre (CFTI Extn Centre) completed Skill Training Programme under the Assistance to Training Institutions Scheme (ATI) in NSQF Approved Job role Stitching Operator Footwear (LSS/Q2501). The scheme aims to build capacity in both physical infrastructure and Human Resources (HR) in National Level Institutions under the Ministry of MSME to undertake skill development.

### KHADI AND VILLAGE INDUSTRIES COMMISSION (KVIC):

"CFTI Chennai implemented the KVIC-sponsored Short Term Training program for the year 2023-24 at our institute. 10 leather artisans underwent the '5 Days Refreshment / Advanced Training at Shivasharana Haralayaa Leather Works & Multipurpose Society (SHLWMS) Athani"

### PMKVY 4.0 SCHEME:

CFTI Chennai has completed a batch comprising 24 candidates under the PMKVY 4.0 Scheme for the NSQF-approved course, Stitching Operator Goods and Garments (LSS/Q5501), with 58 candidates newly commenced this quarter. The primary objective of this scheme is to cultivate a skilled workforce and foster an enabling ecosystem for youths to

# SKILL TRAINING PROGRAMMES

acquire skills and pursue career paths within the footwear and allied industries.

### ESDP, EAP AND MDP :

CFTI Chennai has completed training for 299 candidates under the Entrepreneurship Skill Development Training Programme, 150 candidates under the Entrepreneurship Awareness Program, and 25 candidates under the Management Development Program. The objective of the program is to motivate youth to consider self-employment or entrepreneurship as one of their career options.

### CURRENT TRAINING PROGRAMMES:

We are currently conducting a Skill Training Programme for 30 SC/ST candidates under the SHG Scheme, 58 candidates under the PMKVY 4.0 Scheme, and 140 candidates under the Skill Training Programme sponsored by TNSDC.

CFTI, Chennai has carved a niche for itself in training and making 'Industry Ready' footwear professionals over the last many decades. CFTI, Chennai is equipped with the most advanced knowledge as well as hands on exposure to the latest Technological developments which sharpens their skills and enables them to help the Industry march forward as they pursue their careers in the Industry.

CFTI Chennai is taking the efforts to improve the skills and knowledge of entrepreneurs, enhancing the capacity to develop, manage and organize a business venture while keeping in mind the risks associated with it. The focus of entrepreneurship development is to increase the number of entrepreneurs.

CFTI Chennai has conducted Six Week **Entrepreneurship Skill Development Programme (ESDP)**, One-Day **Entrepreneurship Awareness Programme (EAP)** and One Week **Management Development Programme (MDP)** from 02.01.2024 to 28.03.2024 to motivate young persons (Men and Women) representing different sections of the society including SC/ST women, physically handicapped, Ex- servicemen, and BPL persons to consider self-employment or entrepreneurship as one of the career options. The ultimate objective is to promote new enterprises, build capacity of existing MSMEs and inculcate entrepreneurial culture in the country.

Shri. Anbu Malar, Director, Ms. P A Footwear Pvt. Ltd.

Dr. J. Subramani, Head - Trainer and Senior Consultant, TM Consulting

## ஆரஞ்சு தோல்களில் இருந்து தயாரிக்கப்படும் தோல் பொருட்கள் (சைவ பொருள் - நான்காவது தொடர்)

ஒவ்வொரு ஆண்டும், பழச்சாறு மற்றும் உணவுத் தொழில்களால் பல டன் கழிவு ஆரஞ்சு தோல்கள் உருவாக்கப்படுகின்றன. சிட்ரஸ் பழத்தின் தோலுக்கு இரண்டாவது வாய்ப்பை வழங்குவதற்காக, வடிவமைப்பாளர் எலிஸ் எஸ்ஸர், நீடெர்ஹெய்ன் யுனிவர்சிட்டி ஆஃப் அப்ளைடு சயின்ஸில் தனது முதுகலை படிப்பின் ஒரு பகுதியாக ஆரஞ்சு தோலைப் பரிசோதித்து வருகிறார், மேலும் செயல்பாட்டில் ஒரு புதிய பொருளைக் கண்டுபிடித்தார்.

இந்த ஆரஞ்சு தோல் இயற்கையான காய்கறி பொருட்களை மட்டுமே கொண்டுள்ளது மற்றும் உடனடியாக உரமாக்க முடியும். அதன் நிறம் பழத்தின் நிறத்தால் தீர்மானிக்கப்படுகிறது மற்றும் கூடுதல் வண்ணங்கள் தேவையில்லை, இது பழ வாசனையை கணிசமான காலத்திற்கு தக்க வைத்துக் கொள்கிறது.

எதிர்காலத்தில், ஆரஞ்சு தோலை ஒரு நிலையான மாற்றுப் பொருளாகப் பயன்படுத்த முடியும், எடுத்துக்காட்டாக, அலங்காரம் பொருட்கள், ஃபேஷன் மற்றும் பாகங்கள் உட்பட பல்வேறு துறைகளில் வடிவமைப்பாளர் அதனை சாத்தியமான பயன்பாடுகளை நிரூபிக்கும் வகையில் ஆரஞ்சு தோலால் செய்யப்பட்ட ஸ்னீக்கரை உருவாக்கியுள்ளார். ஆரஞ்சு தோல் போன்ற பிறபழத்தோல் பொருட்கள் தற்போது ஆராய்ச்சிகளில் உள்ளன.

## ஆரஞ்சு பட்டு: பழத்திலிருந்து ஒரு துணி

விலங்குகளில் இருந்து பெறப்பட்ட துணிகளுக்கு மாற்றீடுகளாக சமீபத்தில், திராட்சை, அன்னாசி மற்றும் ஆப்பிள்களிலிருந்து போன்ற வியக்கத்தக்க பொருட்களில் இருந்து சுற்றுச்சூழல் நட்பு பொருட்கள் உருவாக்கப்பட்டுள்ளன. அந்த வரிசையில் மற்றொரு புதுமையான பழதில் இருந்து பெறப்பட்ட துணி, இந்த முறை ஒரு பட்டு மாற்றீடு, ஆரஞ்சு பட்டு, இத்தாலிய நிறுவனமான ஆரஞ்சு ஃபைபரால் உருவாக்கப்பட்டது.

ஆரஞ்சு ஃபைபர் சிட்ரஸ் பழச்சாறுகளின் துணை தயாரிப்புகளிலிருந்து உருவாக்கப்பட்டது, இல்லையெனில் அது தூக்கி எறியப்படும். இதன் பொருள், நூறாயிரக்கணக்கான டன் ஆரஞ்சு தோல்கள் உயர்தர ஜவுளி மற்றும் ஃபேஷனுக்கு மிகவும் பொருத்தமான துணிகளாகப் பயன்படுத்தப்படுகின்றன. ஆர்கானிக் ஆரஞ்சு ஃபைபர் துணி மென்மையாகவும் வலுவாகவும் தயாரிக்கப்பட்டது.

CFTI-Chennai, Conducts training on " Industrial Circuit Design " on demand based self financing mode in order to enhance skills and Entrepreneurs . This Institute issues certification after successful completion.

## PEDIATRIC GAIT ABNORMALITIES – MUSCULAR DYSTROPHY (4th Series)

### Muscular Dystrophy

Muscular dystrophy is a group of diseases that cause progressive weakness and loss of muscle mass. In muscular dystrophy, abnormal genes (mutations) interfere with the production of proteins needed to form healthy muscle.

Causes: Typically, toe walking is a habit that develops when a child learns to walk. In a few cases, toe walking is caused by an underlying condition, such as:

- A short achilles tendon. This tendon links the lower leg muscles to the back of the heel bone. If it's too short, it can prevent the heel from touching the ground.

### Toe Walking

Toe walking is a pattern of walking in which a child walks on balls of his or her feet, with no contact between the heels and ground. Toe walking is common in children who are learning to walk. After the age of 2, however, most children outgrow toe walking and begin to walk with a normal heel-to-toe pattern. In very rare cases, continuing to toe walk after age 2 may be a sign of an underlying medical condition. In the vast majority of cases, however, persistent toe walking is "idiopathic," which means that the exact cause is not known. Older children who continue to toe walk may do so simply out of habit or because the muscles and tendons in their calves have become tighter over time. For this type of walking, the term "dancing gait" has also been used, because it resembles the tiptoe gait typical of ballet dancers.

- Cerebral palsy. Toe walking can be caused by a disorder of movement, muscle tone or posture caused by injury or abnormal development in the parts of the immature brain that control muscle function.
- Muscular dystrophy. Toe walking sometimes occurs in this genetic disease in which muscle fibers are unusually prone to damage and weakened over time.
- Spinal cord abnormality

Corrective Measures: Treatment for toe walking depends on a number of factors, including:

- The age of the child
- Whether the child is able to walk flat-footed

Treatment varies according to the cause of toe walking. Few treatments are as follows:

- Achilles tendon stretching exercises
- Orthosis
- Cast plasters
- Another option is the use of botulinum toxin by intramuscular injections into the calf muscles.
- Orthopaedic surgery for more severe cases

Treatment for persistent toe walking often involves a period of casting or bracing to help stretch the muscles and tendons in the calves and encourage a normal gait.

Ankle foot orthoses (AFO)

Orthopaedic footwear

Stretching Exercises

Cast plasters

Foot braces

CFTI conducted an awareness campaign for long-term and short-term courses at **Motilal Nehru Government Polytechnic College Pondicherry** on March 22, 2024.

# TIME MANAGEMENT

Time management is the process of planning and controlling how much time to spend on specific activities. Good time management enables an individual to complete more in a shorter period of time, lowers stress, and leads to career success.

## Benefits of Time Management

The ability to manage your time effectively is important. Good time management leads to improved efficiency and productivity, less stress, and more success in life. Here are some benefits of managing time effectively:

### 1. Stress relief

Making and following a task schedule reduces anxiety. As you check off items on your “to-do” list, you can see that you are making tangible progress. This helps you avoid feeling stressed out with worry about whether you're getting things done.

### 2. More time

Good time management gives you extra time to spend in your daily life. People who can time-manage effectively enjoy having more time to spend on hobbies or other personal pursuits.

### 3. More opportunities

Managing time well leads to more opportunities and less time wasted on trivial activities. Good time management skills are key qualities that employers look for. The ability to prioritize and schedule work is extremely desirable for any organization.

### 4. Ability to realize goals

Individuals who practice good time management are able to better achieve goals and objectives, and do so in a shorter length of time.

## List of Tips for Effective Time Management

After considering the benefits of time management, let's look at some ways to manage time effectively:

### 1. Set goals correctly

Set goals that are achievable and measurable. Use the SMART method when setting goals. In essence, make sure the goals you set are Specific, Measurable, Attainable, Relevant, and Timely.

### 2. Prioritize wisely

Prioritize tasks based on importance and urgency. For example, look at your daily tasks and determine which are:

- Important and urgent: Do these tasks right away.
- Important but not urgent: Decide when to do these tasks.
- Urgent but not important: Delegate these tasks if possible.
- Not urgent and not important: Set these aside to do later.

### 3. Set a time limit to complete a task

Setting time constraints for completing tasks helps you be more focused and efficient. Making the small extra effort to decide on how much time you need to allot for each task can also help you recognize potential problems before they arise. That way you can make plans for dealing with them.

For example, assume you need to write up five reviews in time for a meeting. However, you realize that you'll only be able to get four of them done in the time remaining before the meeting. If you become aware of this fact well in advance, you may be able to easily delegate writing up one of the reviews to someone else.

However, if you hadn't bothered to do a time check on your tasks beforehand, you might have ended up not realizing your time problem until just an hour before the meeting. At that point, it might be considerably more difficult to find someone to delegate one of the reviews to, and more difficult for them to fit the task into their day, too.

### 4. Take a break between tasks

When doing a lot of tasks without a break, it is harder to stay focused and motivated. Allow some downtime between tasks to clear your head and refresh yourself. Consider grabbing a brief nap, going for a short walk, or meditating.

### 5. Organize yourself

Utilize your calendar for more long-term time management. Write down the deadlines for projects, or for tasks that are part of completing the overall project. Think about which days might be best to dedicate to specific tasks. For example, you might need to plan a meeting to discuss cash flow on a day when you know the company CFO is available.

### 6. Remove non-essential tasks/activities

It is important to remove excess activities or tasks. Determine what is significant and what deserves your time. Removing non-essential tasks/activities frees up more of your time to be spent on genuinely important things.

### 7. Plan ahead

Make sure you start every day with a clear idea of what you need to do – what needs to get done THAT DAY. Consider making it a habit to, at the end of each workday, go ahead and write out your “to-do” list for the next workday. That way you can hit the ground running the next morning.

#### Implications of Poor Time Management

Let's also consider the consequences of poor time management.

#### 1. Poor workflow

The inability to plan ahead and stick to goals means poor efficiency. For example, if there are several important tasks to complete, an effective plan would be to complete related tasks together or sequentially. However, if you don't plan ahead, you could end up having to jump back and forth, or backtrack, in doing your work. That translates to reduced efficiency and lower productivity.

#### 2. Wasted time

Poor time management results in wasted time. For example, by talking to friends on social media while doing an assignment, you are distracting yourself and wasting time.

#### 3. Loss of control

By not knowing what the next task is, you suffer from loss of control of your life. That can contribute to higher stress levels and anxiety.

#### 4. Poor quality of work

Poor time management typically makes the quality of your work suffer. For example, having to rush to complete tasks at the last minute usually compromises quality.

#### 5. Poor reputation

If clients or your employer cannot rely on you to complete tasks in a timely manner, their expectations and perceptions of you are adversely affected. If a client cannot rely on you to get something done on time, they will likely take their business elsewhere.

### TARIFF FOR 2D PATTERN GRADING

S.No.	JOB PARTICULARS	DESCRIPTION	UOM	COST IN INR
1.	Design & Development	Critical Construction	1 Size	2000.00
		Normal Construction	1 Size	1500.00
2.	Digitizing & Pattern Grading	Sandal	1 Size	1000.00
		Normal Construction	1 Series	1500.00
		Boot & Mocassin	1 Series	2000.00
3.	Marking Patterns	Normal Model in Sandal	1 Series	1000.00
		Type by Plastic	1 Series	1500.00
4.	Cut file on Paper patterns	Type by Shank Board	1 Series	3000.00
		Type by Chart (Consecutive Sizes)	1 Series	1200.00
5.	Insole/Sole Grading	Type by Chart (Incl. Half Sizes)	1 Series	1500.00
		For Any Type (Incl. Half Sizes)	1 Series	500.00
6.	Vacuum Shell	For any Type	1 Pair	150.00

# B&W

Since 1991

## CAPCELL

The Super soft foam with superior features.

Characteristics

- Light and Elastic
- Excellent Resilience
- Excellent Weatherability and chemical resistance
- Easy for slicing, bonding and vacuum forming etc.,
- Extreme heat and cold resistant due to cross Linkage.

## Compressed PU Foam / Polyethylene Foam

Characteristics

- Available in difference Densities.
- Available in thickness
- Made as per your specification.

**OSURI ASSOCIATES** was established in 1999 to support the footwear industry. We are an exclusive importer and distributor of different types of Footwear Component Materials from specialised, high quality, manufacturers. We are supplying to the shoe manufacturers / exporters mainly in South India. Some of the materials which the company currently deals in are listed below.

- Toe Puff and Counter Stiffener Material
- Synthetic P.U. Lining & P.U. Leather
- Microfiber Suede & Lining Material
- Synthetic Heelgrip Material
- Non-woven Insole & Strobel Material
- Shank Board Material
- Cellulose Insole Material
- Synthetic Latex Foam Material
- Poly Propylene Cutting Boards

**OSURI FOOTWEAR COMPONENTS PVT. LTD. (OFCPL)**, part of Osuri Group of Companies is a manufacturer of different types of Moulded Insoles, Cut & Skived Toe Puffs and Pre-Moulded Counter Stiffeners according to customer's specifications. The company has a wide range of moulds to suit different last shapes and has a pool of trained and experienced manpower.

It procures Cellulose and Shank Board material directly from manufacturers and is able to offer good quality insoles at a competitive price. Italian machinery is used to make Insoles, Cut & Skived Toe Puffs and Pre-moulded Counter Stiffeners and stringent quality processes ensure the best quality output. The current capacity is 8,000 pairs a day.
